Auto Shop Safety Rules Bulletin

Best practice rules and guidelines in an automotive shop.

1. Use common sense—Think before you act
2. No running or horseplay.
3. Report all accidents at once.
4. Fire drill-out back (north) door.
5. Drive in/out at a crawl, shop speed is 5 mph.
6. Do not start car unless it is in park/neutral, brake on, clutch pushed in. Usetire blocks if working on…
