

Aging Infrastructure: Recognizing and Managing Failures in Older Facilities

Fatality File

One employee killed and one injured in building collapse

At 11:20 a.m. on October 30, 2015, a foreman sent Employee #1 and Employee #2 from the fourth floor to the first floor. The floors in the 100-year old building collapsed. The collapse debris landed on both Employee #1 and Employee #2. Employee #1 was killed and Employees #2 was hospitalized with a broken foot and back injury.
