Equipment Maintenance Checklist

Easy to use electrical equipment checklist for any workplace.

- Are all employees required to report any obvious hazard to life or property in connection with electrical equipment or lines as soon as possible?
- Are employees instructed to make preliminary inspections and/or appropriate tests to determine conditions before starting work on electrical equipment or lines?
- When electrical equipment or lines are to be serviced, maintained, or adjusted, are necessary switches opened, locked out or tagged, whenever possible?
- Are portable electrical tools and equipment grounded or of the double insulated type?
- Are metal measuring tapes, ropes, hand lines or…
