

Flagger Safety Infographic

B.C. FLAGGER SAFETY

There are between 5,000 and 6,000 traffic control persons (TCPs), or flaggers, working in B.C. Here is data on roadside worker deaths and injuries from being hit by a vehicle, courtesy of WorkSafeBC.

12
deaths

218
injuries

between 2008 and 2017.

of those
almost
50%
were
TCPs

Examples of roadside workers include: TCPs, municipal workers, landscapers, telecommunications and utility workers, tow truck drivers and first responders.
