Janitorial Safety

Janitorial workers have many, many responsibilities. It would probably be easier to talk about what they DON’T do than what you do on a daily basis. But, regardless of how many different tasks they perform or how busy they are, safety should be the top priority. It’s simply this. That’s what this program is all about, examining common hazards janitorial staff face on a daily basis and the steps they can take to minimize risk. Topics include: Personal Protective Equipment, PPE, Back Injury Prevention, Bloodborne Pathogens, Slips, Trips and Falls, Electrical Safety and Chemicals.
