MCPA Crime Prevention for Apartments

Crime prevention tips for residents of apartments or condos.

Topic: Apartment / Condo Safety

There are criminals that prey upon apartment complexes and condominium units:

- They know that many females and senior citizens live in these complexes
- Most persons who are arrested for crimes against property are males between 18 –21 years old
- They frequently live nearby their target areas and are familiar with the neighborhood
- They work the area on foot most frequently
- They may have lived in the complex or have a friend that lives in the complex

What to do to protect yourself:

- Keep your doors locked at all times
- Keep you car keys and…
