## Pesticides - Landscaping Infographic

## AVOID PESTICIDE EXPOSURE Even a "natural" or low toxicity product can cause harm if a person is exposed to it. Minimize your risk by using personal protective equipment (PPE). Different products may need different PPE. Always read and understand the label before using pesticides. Use safety glasses or goggles • Store eye protection out of the sun Always wear long sleeves and pants • Wash contaminated clothing separate from other clothes Clean contaminated eyewear immediately Wear hats or bandanas for more skin coverage Check the label for extra instructions • Inspect regularly for holes or tears Different gloves provide different levels of protection Discard disposable gloves after every application or use Wear closed-toe shoes with socks • Easy-to-clean shoes can limit residue transfer **KEY POINTS** PESTICIDE O INFORMATION · Always follow the label · Do not store PPE with personal clothing Contact us: 800-858-7378 8-12 PST M-F npic.orst.edu npic@ace.orst.edu
