Safe City Preventing Car Crimes

Information on the importance of understanding how car crime problem affects your business area and guidance on reducing the risk.

Safe City is a model community-based initiative that aims to reduce crime, build awareness, and develop communities into safer places to live, work, and shop. Community partners in cities across the U.S. modify the model to best suit their needs and resources. The goal is to leverage existing resources by building collaborative relationships between law enforcement, businesses, residents, government leaders, property managers, and community organizations. This approach maximizes the tactical, financial, technological, and human resources available to address a community’s crime problems. The Safe City model promotes partnerships and technical solutions as instrumental building blocks for success. These partnerships are further strengthened by individual retailers taking ownership over the crime and disorder problems occurring in and around their businesses.

Safe City has partnered with the Urban Institute, a non-profit policy research firm, to develop a variety of crime prevention strategies for use in retail settings, many of which are inexpensive and…
