

Shelter in Place Infographic – Spanish

¡PROTEGE TU VIVIENDA!

ES IMPORTANTE CONOCER EN QUÉ CONDICIONES ESTÁ TU CASA PARA ESTAR PREPARADOS ANTE UN SISMO, POR ESO SIGUE ESTOS CONSEJOS:

An infographic on a light gray grid background. At the top left, the text '¡PROTEGE TU VIVIENDA!' is written in large, bold, black letters. To its right, a smaller text block says 'ES IMPORTANTE CONOCER EN QUÉ CONDICIONES ESTÁ TU CASA PARA ESTAR PREPARADOS ANTE UN SISMO, POR ESO SIGUE ESTOS CONSEJOS:'. Below this text is a black arrow pointing to a cross-section of a two-story house. The house shows a living room on the ground floor with a sofa and a kitchen area, and a bedroom on the second floor with a bed and a window. In front of the house, a family of six people (two adults and four children) and two dogs are standing. Surrounding the house are four dark gray callout boxes, each with a white icon and text. The top-right box has a house icon and text about using wood or geotextiles. The bottom-left box has a brick icon and text about building a safe room. The bottom-center box has a wrench and screwdriver icon and text about installing dampers. The bottom-right box has a ladder icon and text about reinforcing walls with wire mesh.

USA MADERA O GEOMALLAS,
SI TU VIVIENDA ESTÁ HECHA DE ADOBE.

CONSTRUYE UN CUARTO SEGURO
COMO REFUGIO, SI TU CASA NO TIENE COLUMNAS, HAY RAJADURAS O LA HUMEDAD AFECTÓ LAS PAREDES.

INSTALA DISIPADORES,
ESTOS EQUIPOS AMORTIGUAN LAS ONDAS SÍSMICAS.

REFUERZA LOS MUROS
COLOCANDO MALLAS DE ALAMBRE INTERCONECTADAS.
