Tool: Confined Space Reclassification Form

Confined Space Reclassification Form

Instructions: A Permit-Required Confined Space may be reclassified as a non-permit confined space if:

1. Space does not contain actual or potential atmospheric hazards; and
2. All hazards may be eliminated without entry into space.

The reclassification is valid only while the confined space remains free from hazards. If hazards arise during entry, space must be evacuated immediately and re-evaluated for hazards.

The reclassification is valid only for the specific entry indicated below.

Location: _____

Description of Space: _____

Purpose of Entry: _____

Description of Hazard Originally in Space	Methods Used to Eliminate Hazard	Methods of Verifying Hazard Has Been Eliminated

Instructions: Attach all atmospheric testing data relied on in reclassifying the space as a non-permit confined space.
