Confined Space Reclassification Form

**Instructions:** A Permit-Required Confined Space may be reclassified as a non-permit confined space if:

- 1. Space does not contain actual or potential atmospheric hazards; and
- 2. All hazards may be eliminated without entry into space.

The reclassification is valid only while the confined space remains free from hazards. If hazards arise during entry, space must be evacuated immediately and re-evaluated for hazards.

The reclassification is valid only for the specific entry indicated below.
