Vehicle Maintenance and Inspection Checklist

Automotive maintenance record keeping and pretrip checklist.

- Is the interior of the vehicle clean and floors clear of debris?
- Are the seats and seatbelts secure and sound?
- Is the fire extinguisher ready to use and operational?
- Are proper flares and/or reflective devices in a designated area within the vehicle?
- Are all lights (head, running etc) and reflectors in proper working order?
- Are tires/wheels checked for the correct amount of tread and…
